

Project ATHENA
Augmenting Therapeutic
Effectiveness through Novel
Analytics

From ATHENA to RWD4BE

Ingrid Maes, Geert Dewulf M.D.
Inovigate

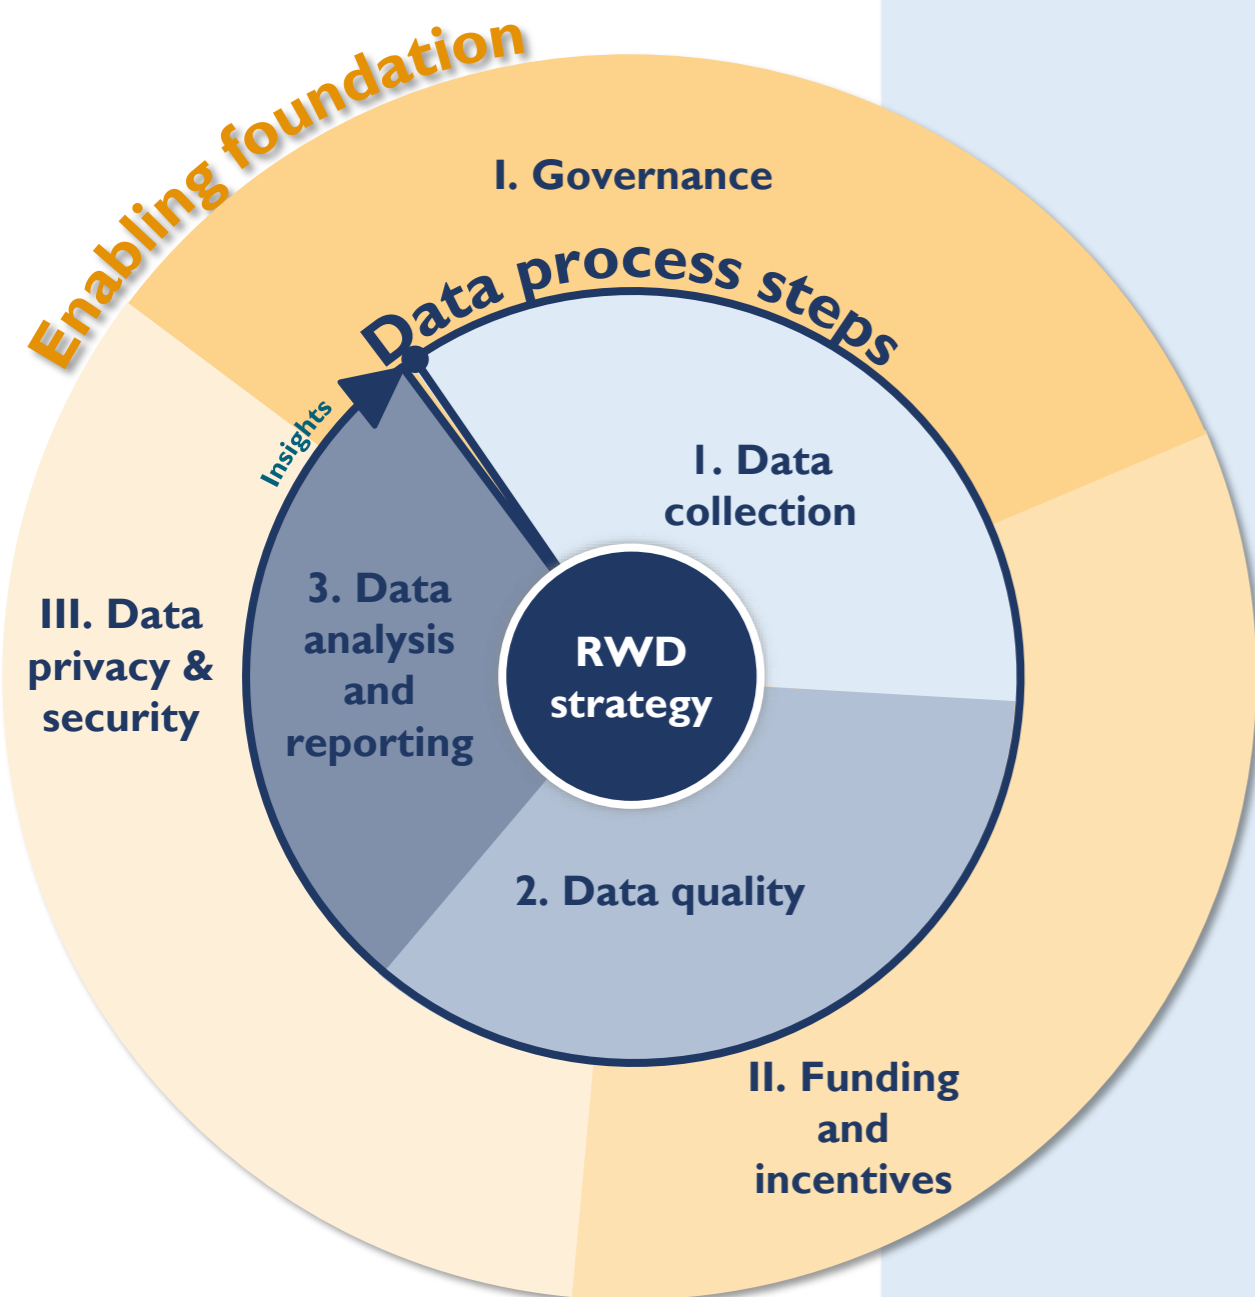

ATHENA is funded by
Flanders Innovation &
Entrepreneurship (VLAIO).
Project number :
HBC.2019.2528

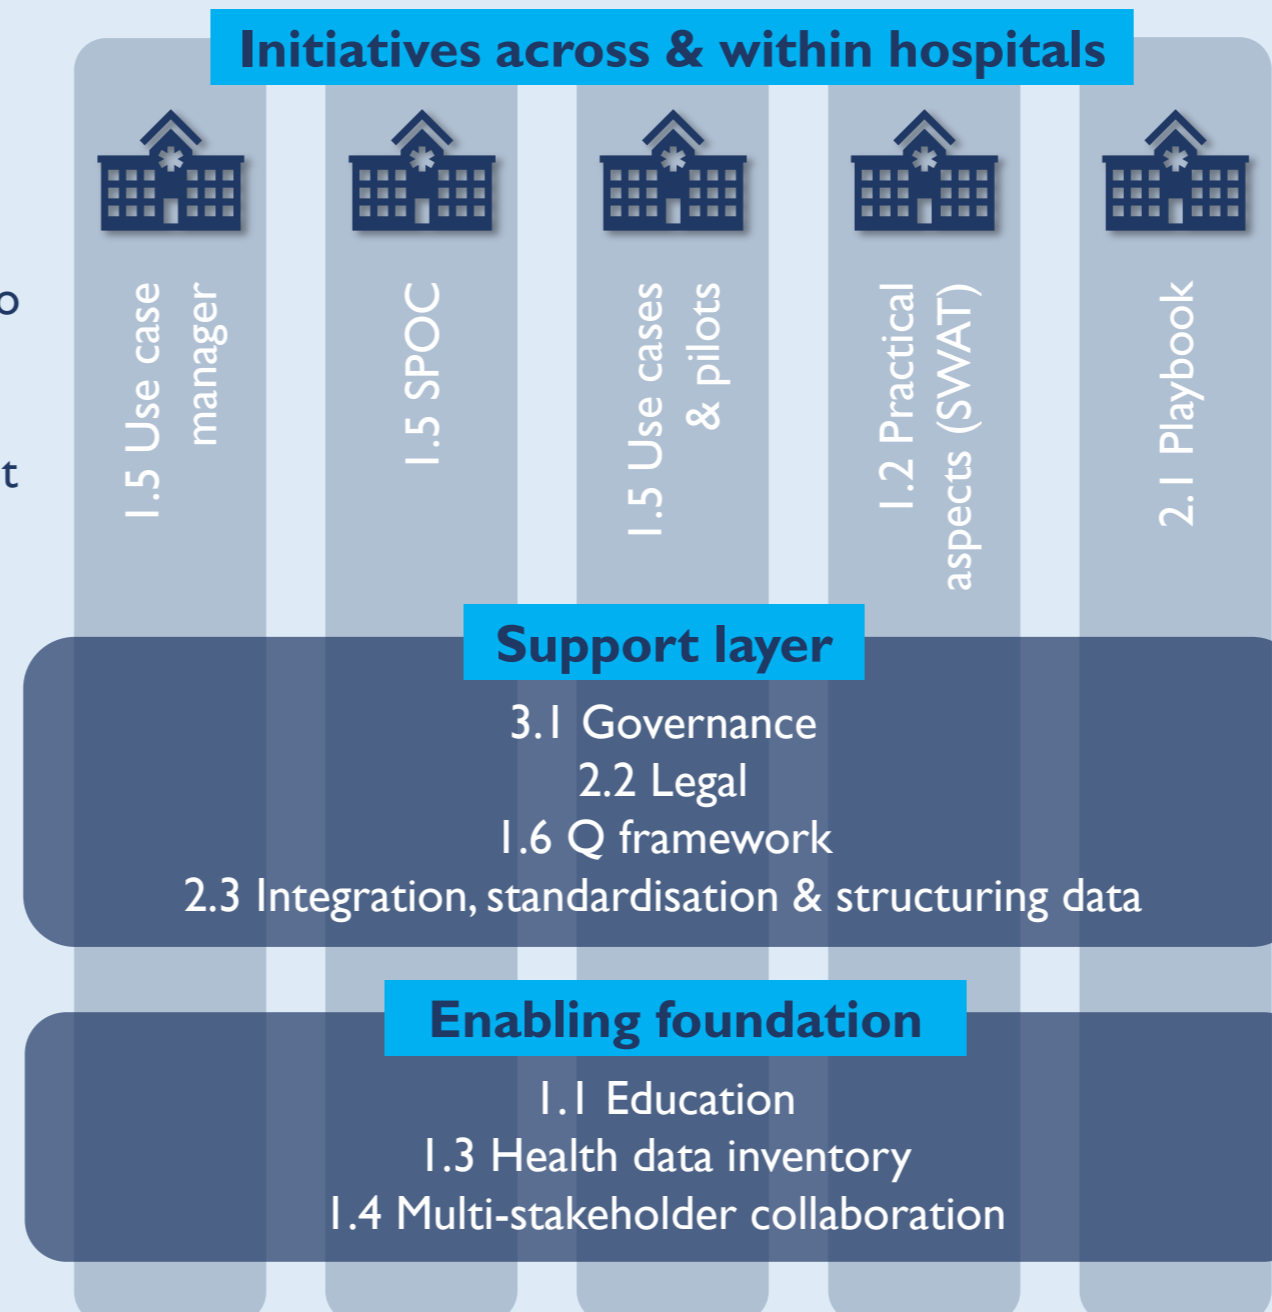

The learnings, challenges and hurdles identified during the ATHENA project, resulted in a RWD framework to support reuse of RWD in Belgium

The RWD4BE initiative

The RWD4BE initiative has been developed in multi-stakeholder agreement and support together with patients, hospitals and clinicians, authorities and industry

The RWD framework resulted in an action portfolio with action groups to for further roll-out

Education & creating awareness

Provide tools, methods, guidance to hospitals

Provide input to policy (via policy paper and reach-out)

Framework

Implementation
